

Robust Security Network (RSN)

```
graph TD; RSN[Robust Security Network (RSN)] --- H[ ]; H --- AC[Access control]; H --- AKG[Authentication and key generation]; H --- CIAIRP[Confidentiality, data origin authentication and integrity and replay protection]; AC --- IEEE[IEEE 802.1 Port-based Access Control]; AKG --- EAP[Extensible Authentication Protocol (EAP)]; CIAIRP --- TKIP[TKIP]; CIAIRP --- CCMP[CCMP];
```

Services

Access control

Authentication
and key
generation

Confidentiality, data
origin authentication
and integrity and
replay protection

Protocols

IEEE 802.1
Port-based
Access Control

Extensible
Authentication
Protocol (EAP)

TKIP

CCMP
